

# Local Housing Plan

Diana Bernhardt  
Lead Commissioner for Learning Disabilities

Provider Forum September 2011

## Delivering the local vision

- **Better commissioning of specialist services :**

**Tendering for a framework agreement for people with complex needs and challenging behaviour – contract awarded**

**Review High cost placements to ensure value for money and to identify those who could be better supported locally**

**Create a pathway to design housing for people with complex needs and challenging behaviour – work with Housing Options on 3-5 cases**

# Reshaping the local market

**Set out in more detail what is needed locally**

**Work with local providers to remodel their services**

**Develop select provider lists through tendering for gaps in services that remain – low level supported living 10-12 units p.a.**

**Also, service specifications for Care homes more clearly specify requirements - e.g. dementia care. Developing independence skills**

**Commission accommodation services to support people during the day to develop life skills**

## **Maximising independence through move on, prevention, and building on support in the community:**

**Commission and remodel existing services to provide low level support in the community**

**Improve access to mainstream supported living services for people with mild learning disabilities with additional needs – review single homeless pathway by end of March 2012**

**Remodel Community Support Service to provide short term crisis support – by March 2012**

## Feedback on the plan:

- **People said they did not know how to access housing**
- **People with learning disabilities in residential care said they did not have expectations to move on**
- **Providers want to know specifics about what money is available**
