

Workforce Development Sub Group of the Brighton & Hove Learning Disability Partnership Board

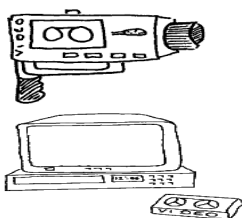

The Brighton & Hove Workforce Development Sub Group needs your help.

We want to make services better for people with learning disabilities. This includes places like libraries, swimming pools, shops, banks and buses.

We want to tell services what makes things work well for people with learning disabilities.

We will do this by making a DVD of people with learning disabilities talking about services. We will show the DVD to services.

We want to give services top tips on supporting people with learning disabilities.

We need your help. Please tell us about what makes good services.

If you have ideas or stories that you would like to have on the DVD please let us know.

If you would like a member of our group to come and listen or answer any questions, please get in touch
